

FOR IMMEDIATE RELEASE

BCgolfguide.com® and the Vancouver Golf Tour Forge New Alliance

- Funds Raised Through Cooperative Initiative to Aid VGT
Junior Academy & Scholarship Programming -

Vancouver, BC – August 31, 2006 - The Vancouver Golf Tour and BCgolfguide.com® have developed a new fund-raising initiative to foster growth and development of junior golf throughout the Vancouver and lower mainland area. A scholarship awards program to assist up-and-coming junior golfers in the quest for playing within a competitive and professional golf tour is also planned.

"BCgolfguide.com has really stepped up to the plate by supporting our tour's Junior Academy and Scholarship Program. It will for sure ascertain a huge boost to the development of BC Golf," commented Fraser Mulholland, President of the Vancouver Golf Tour. "This program will set the groundwork for our Junior Academy which will give junior golfers who would not necessarily be able to afford such programs or the opportunity to learn the game of golf at no cost. Our top juniors will be able to visit their own pro of choice throughout the year with the Vancouver Golf Tour covering the costs associated with the instruction. Scholarship programs will also be initiated through this fundraising campaign. Our thanks go out to Ross Marrington of BCgolfguide.com for his generosity and in forging this alliance".

BCgolfguide.com® will be celebrating its 10th year on-line in 2007, rolling out a new and improved Golf Savings Card that currently offers on-line golf savings. Ross Marrington, Editor and Publisher is excited to announce a substantial percentage from all retail card sales channeled directly to Vancouver Golf Tour Junior Academy facilities.

"The 2007 card will see significant changes, namely elimination of the self print coupons, the golf savings card alone will identify a BCgolfguide.com member. We will be focusing on 3 major elements – savings for the solo golfer, extreme discounts on select days for select courses in 2007 and further rewards for golfers planning BC golf vacations with BCgolfguide.com," stated Marrington. "Smart Card technology may be integrated into the program such that cards could be pre-loaded with cash –the perfect gift for the BC golfer."
